

Project S.H.A.R.P.

(Summer High School Algebra Readiness Program)

Held Monday through Thursdays from June 5 to June 22, 2017 from 8 a.m. – 12:30 p.m.

Project S.H.A.R.P. is a free program designed as a fun, interactive math camp for incoming freshman students. More than 500 students attend every year to focus on strengthening math skills, learning approaches, organizational skills, notetaking and to start high school off on the right foot. Two teachers and one teacher's assistant are available in each classroom to provide students with an exceptional learning environment. Project S.H.A.R.P. helps students strengthen prerequisite math skills before their first exposure to the more demanding curriculum of high school math.

Skills learned during the 12-day course includes: Order of Operation, Number of Sets, Words to Symbols, Simplifying Expressions, Evaluating Algebraic Expressions, Literal Equations, Solving Linear Equations, Exponents, Graphing and Organization Skills.

By enrolling in Project S.H.A.R.P., students will receive $\frac{1}{4}$ elective credit after passing the final exam, on condition they have no more than one absence.

This free program provides bus transportation and free breakfast and a snack.

Students will need the following supplies:

- Pencils
- Highlighter
- Scientific calculator (must be able to do fractions. Recommended brands include Texas Instruments or Sharp)
- Binders (2 inch or 3 inch)
- Paper
- Set of five tabbed dividers

PARENT MEETING

MAY 30, 2017

- Parents of Cortez, Greenway, Moon Valley, Sunnyslope, Thunderbird and Washington students are to attend at 6:15 p.m.
- Parents of Apollo, Glendale and Independence students are to meet at 7:30 p.m.

Meetings are held in the auditorium of Moon Valley High School, 3625 W. Cactus Road, Phoenix.

Project S.H.A.R.P. is located at three different high schools.

- Students who will attend Cortez, Sunnyslope, or Washington will attend the program hosted at **Washington High School.**
- Students who will attend Glendale, Independence, or Apollo will attend the program at **Apollo High School.**
- Students who will attend Thunderbird, Greenway, or Moon Valley will attend the program at **Moon Valley High School.**
